PROFESSIONAL SUMMARY

Digital Marketing Manager with 3+ years of experience owning full-funnel digital strategy, paid media, SEO, and marketing analytics for 15+ client accounts across India, Australia, and the United States. Managed ₹30L+ in cumulative ad spend across Google Ads, Meta Ads, and Bing Ads — delivering 13,900+ conversions and 14,900+ sign-ups for a B2B SaaS product at ₹11.99 CPL, while ranking competitive keywords to #1 and #2 SERP positions within 60 days. Mentors junior marketers on campaign execution and optimization. Presents performance insights and budget recommendations directly to client stakeholders via automated Looker Studio dashboards, aligning marketing spend with pipeline growth and customer acquisition cost (CAC) targets.

PROFESSIONAL EXPERIENCE

Digital Marketing Manager (March 2025 – March 2026)

Spark Studios (Digital Marketing Agency, 15+ Clients) | India

- **Spearheaded** multi-channel paid acquisition for B2B SaaS product (Draconic.ai) across Google Search, Performance Max, YouTube, and Retargeting, investing ₹1.67L in ad spend and delivering **13,909 conversions and 14,909 GA4 sign-ups at ₹11.99 CPL** — 81,436 clicks at 10.1% CTR, directly fueling the client's user acquisition pipeline.
- **Optimized** channel-level budget allocation by identifying Performance Max (₹5.23 CPL) and Retargeting (₹6.03 CPL) as highest-efficiency channels; reallocated spend from YouTube (₹149.61 CPL) toward high-converting channels, **improving blended CPL by 40%+** while preserving lead quality.
- **Scaled** Google Search and Performance Max campaigns from zero to ₹1L+ monthly spend across multiple client accounts, generating **280 marketing-qualified leads (MQLs) annually** with Search CTRs up to 12% — 2x the B2B services industry benchmark.
- **Ranked** competitive service keywords to #1 and #2 SERP positions within 2 months ("Best Ad Agency in Chennai" #15→#2, "Website Design Agency" #20→#1), **driving 30% increase in inbound enquiries** and reducing client dependency on paid acquisition for branded traffic.
- **Grew** Domain Authority from 8 to 18 (+125%) and Page Authority to 15+ within 6 months through strategic link building across 50+ referring domains, niche-aligned guest placements, and directory outreach.
- **Mentored** 2 junior marketers on campaign setup, A/B testing methodology, and GA4 reporting; presented weekly performance insights and budget recommendations directly to client stakeholders, influencing spend allocation decisions across accounts.

Senior Digital Marketing Executive (December 2023 – December 2024)

EITB Global Infosolutions (IT Services, 8+ Clients) | Australia

- **Managed** Google Ads and Meta Ads campaigns for 2+ Australian clients with \$1,000 monthly budget per account, generating **350+ marketing-qualified leads (MQLs) annually at ~\$50 CPL** — 33% below agency benchmark of \$75 CPL.
- **Developed** annual full-funnel marketing strategies and quarterly budget allocation plans across 4 industry verticals, aligning paid, SEO, and email channel mix with each client's revenue targets and customer acquisition cost (CAC) goals.
- **Improved** campaign efficiency by **increasing CTR 15% and reducing CPC 10%** through systematic creative A/B testing, audience refinement, and negative keyword optimization across 15+ active campaigns.
- **Drove** 20% growth in organic traffic by executing keyword gap analysis, on-page SEO overhaul, and search-intent-aligned content optimization across 40+ client landing pages.

- **Built** automated Looker Studio dashboards consolidating GA4, Google Ads, and Meta data for each client — reducing executive reporting time by 5+ hours/week and enabling real-time budget reallocation decisions.

Digital Marketing Executive (Oct 2022 – Oct 2023)

iSource ITES (US Market) | United States

- **Grew** organic search traffic by 30% through comprehensive keyword research, on-page SEO, and mobile-first optimization — contributing to a **25% increase in mobile organic sessions** and reducing cost-per-acquisition (CPA) for inbound leads.
- **Improved** technical SEO health score from 60% to 90% by auditing and resolving 30,000+ crawl errors, broken links, and page speed issues; **reduced bounce rate from 55% to 20%**, improving lead quality from organic traffic.
- **Managed** US-focused Google Ads campaigns on \$400/month budget, generating **40+ sales-qualified leads (SQLs) in 6 months at ~\$43 CPL**, proving efficient MQL-to-SQL conversion under tight budget constraints.
- **Increased** email open rates by 30% and CTR by 20% through segmented, A/B-tested nurture campaigns in HubSpot — improving marketing-qualified lead (MQL) pipeline velocity and reducing lead drop-off between touchpoints.
- **Implemented** closed-loop lead tracking in HubSpot and Apollo with attribution modeling across paid and organic channels — enabling revenue attribution, improving lead-to-opportunity conversion, and aligning marketing/sales handoff criteria.

KEY ACHIEVEMENTS

- **13,909 conversions + 14,909 sign-ups** for B2B SaaS client at ₹11.99 CPL across 4 Google Ads channels
- **15+ client accounts managed** across 3 international markets (India, Australia, US) with ₹30L+ cumulative ad spend
- **#1 and #2 SERP rankings** for competitive keywords within 2 months, driving 30% inbound enquiry growth
- **670+ MQLs generated annually** across paid and organic channels with consistent lead quality
- **Best Performer (2 consecutive months)** at iSource ITES for campaign performance and lead generation
